

Admescope

A SYMERES COMPANY

Your ADME-Tox Research Partner

- *In vitro* ADME-Tox
- *In vivo* DMPK
- Small molecules and biologics
- Tailored to your needs

Find out more at
[Admescope.com](https://www.admescope.com)

Admescope, part of the Symeres contract research organization, offers tailor-made ADME-Tox (Absorption, Distribution, Metabolism, Excretion and Toxicity) services for drug discovery and development companies.

Our capabilities range from the initial ADME screening, through rodent PK studies and on to comprehensive *in vitro* drug-drug interaction risk evaluations and metabolite identification. The level of data interpretation can be customised according to the client's needs and the stage of the project.
